

SPHOORTHY ENGINEERING COLLEGE

(NAAC ACCREDITED INSTITUTION)

YOUR GATEWAY TO QUALITY EDUCATION

B.TECH, M.TECH.

POLYTECHNIC & MBA

Good learning atmosphere, attractive placement offers, associated reputation, quality training and learned faculty are some of the factors that lure engineering aspirants to top engineering institutions. Education becomes meaningful only when it provides practical and theoretical knowledge with professional values. This philosophical thought guides SPHOORTHY in all its educational initiatives and endeavors.

Sphoorthy Engineering College is known for its academics and student life, spread over a 10 acres lush green campus in the heart of Hyderabad. The college was founded in the year 2004 by eminent educationalists and renowned academicians and industrialists as the members of governing body to take decisions on the quality aspects of engineering education. The college aims to promote the innovations, research and entrepreneurship awareness among the students.

FACILITIES:

The academic infrastructure includes E-Class rooms, conference halls, seminar halls, well equipped laboratories, centralized library and digital library, indoor and outdoor games etc., The student welfare facilities include gymnasium, multi-cuisine food court, girls hostel, wi-fi facility, stationary, health centre and transport facility from various corners of the city.

ACADEMIC LEADERSHIP:

The college is headed by Prof. Shashidhar K Kudari, a qualified principal, M.Tech (IIT, Kharagpur) and Ph.D (IIT, Kharagpur) with 28 years in the field of education. All the programs are directed by Prof. Dr. V. Chandra Mouli, Ph.D; retired professor from Osmania University and have more than 35 years of experience in the field of science and technology. The research and development programmes are taken a new shape under the supervision of Prof. Dr. G. Poshal, M.Tech (NIT-Warangal) and Ph.D (IIT, Chennai), a retired professor from JNTU-Hyderabad. The college has recruited more than 19 professors in various branches of engineering and management and more than 250 faculty members with rich teaching, industrial and research experience.

CREDENTIALS OF SPHOORTHY:

The college never failed in any of the university inspections and got permanent affiliation status from JNTU, Hyderabad. It is accredited by NAAC, approved by AICTE, recognized by government of Telangana; recognized by UGC u/s 2(f) and 12 (B) and an ISO 9001:2008 Certified Institution. The college stood in 19th position among top Engineering colleges in Telangana ranked by Times Engineering Survey, June 2016.

PROGRAMS OFFERED:

It offers B.Tech, M.Tech, Polytechnic and MBA Programmes and nearly 2,500 students are benefitted with the fruits of quality education.

TEACHING - LEARNING PROCESS:

The Faculty makes right use of pedagogical tools to train students to handle professional responsibilities. These include discussions, seminars, project assignments etc., usage of ICT facilities and access to NPTEL lectures, GEMS, Vidya portal enhances the technical abilities and make the students to abreast with global advancements. The students are given industry orientation through industrial visits, guest lectures, intern-

ships etc., continuous evaluation and counseling are also important part of the institute's academic program.

VALUE BASED EDUCATION:

The first year students are provided with value based education through seminars by eminent personalities like Dr. B V Patabhram, Dr. Yandamuri Veerandranath, Dr. V. Nagesh etc. The students undergo a training at Swami Vivekananda Centre for Human Excellence, RK Mutl.

DR. APJ ABDUL KALAM CENTRE FOR EXCELLENCE:

It is a Centre of Excellence imparting technical education and generating competent professionals. It aims at recognizing, respecting and nurturing the creative potential of each student. Sphoorthy has continually demarked itself by the quality of its education. One of the Novel Initiatives in respect to Industry-Institute Interaction is the establishment of Dr. APJ Abdul Kalam Centre for Excellence. The College is the registered member of TASK and has got special recognition from Government of Telangana for its highest number of registrations and proactive participation in its Events.

Sphoorthy boasts of a 'Sphoorthy Finishing School' to increase employability skills amongst fresh graduates, imparting world-class business skills for sustained performance and career success and to meet the ever-growing industry demand for suitable talent at the entry level.

MOUs & TIE-Ups:

Engineering education is incomplete without the special emphasis on practicals, hands on practice and skill development. The college lays special emphasis on skill development and practicals. The college has organized various Technical training workshops in association with Samsung Digital Academy, IoT Maker Space, IBM Academic initiative for Cloud, IBM Bluemix, Excite etc., The programmes of TASK viz., ESDM, Professors of Practice, Super Campus, TASK-CDAC are the other programmes benefitting the students and faculty members at large.

BEYOND CURRICULUM:

The centre as established three laboratories with state-of-the-art infrastructure namely Incubation Centre Lab, Robotics and Automation Lab and Intel R Intelligence Systems labs to carry out mini and major projects from 2nd year onwards. Student training programmes on advanced technologies viz. Web programming, Android, Arduino, Raspberry Pie etc., are carried out these laboratories.

TECHNICAL TRAINING:

The college has tie-up with Microsoft Certiport, Oracle Academy, Autodesk, for Certificate Programmes. It has entered MOUs with NASSCOM, TCS-iON, NITTTR etc. The college is associated with Unisys, Deloitte, Globarena for technical training and placements. The institution has tie-up with Electronic System Design and Manufacturing - Skill Development initiative by Government of India.

TRAINING AND PLACEMENTS:

The Training and Placement Cell and the Language Lab make sure that all the students get mentoring in Personality Development and Soft Skills. In this process, their placements in reputed MNCs like TCS, Tech Mahindra, IBM, HCL, Wipro, Accenture, Amazon.com,

Genpact, Google, Cadsys etc., are ensured. Nearly 398 students among 620 joined with more than 46 MNCs in the academic year 2015-16.

PROFESSIONAL DEVELOPMENT ACTIVITIES:

Facilities for Sports, NCC, NSS, Sphoorthy Women's Chapter and Cultural programs provide Opportunities for the students to hone their extra-curricular skills.

The Institution knows that in today's highly competitive world, they need overall groomed students. This cannot be achieved by prodding only academics. Saturday afternoon professional development activities enable the students to develop into Industry Ready.

TECHNICAL ASSOCIATIONS:

Every department of the college is a member of professional bodies like CSI, ISTE, IEL, IEE, IEEE, HMA, AMIA, IUCEE etc., and organizes technical symposiums every year during 1st semester and a national level technical seminar during second semester.

EVENTS & HAPPENINGS:

The college regularly organizes various other events such as fresher's party, farewell party, annual day, Independence Day, Republic Day, Engineers Day, Tree Plantation Day, Blood Donation and Health Check-up Camps and other important festivals and events of national Importance.

ACCOLADES OF SPHOORTHY:

The Sphoorthians brought several laurels by participating and presenting Projects at IIT Mumbai, Chennai, New Delhi, IISC Bangalore, T-Hub etc.,

The students developed Internet of Things products and their innovative ideas are appreciated at Excite Event organized by TASK in association with JNTU during June, 2016. Two teams of Sphoorthy Engineering College got fellowship (under EXCITE). HYSEA and TASK is supporting the college teams technically and financially to build and commercialize the products developed by the students.

The college throwball, kabball and kho-kho teams are the all-time champions at JNTU central zone tournaments.

ENTREPRENEURSHIP DEVELOPMENT PROGRAMMES:

The Entrepreneurship Development Cell in association with EDC - JNTU, NSIC etc. trans the students for 'start-ups'. The Cell has tie-up with ISB for Technology Entrepreneurship Programme.

ALUMNI SUPPORT:

Sphoorthy Engineering College alumni association is a registered body working for various reputed companies actively promotes continuous relationships and act as a stage for interaction and exchange of information among its members.

Sphoorthy is delivering its best by focusing on quality academic delivery, Emphasis on Research and Innovation, Industrial collaboration and consultancy. Thus Sphoorthy distinguishes itself from other Institutions as a centre that offers comprehensive and holistic experience of enhanced learning in an enriched environment. The students are engaged in the process of knowledge and personality development and will leave the edifying portals of SRM institutions to contribute to the world as scholars, managers, national and global leaders, thinkers and influencers.

The Training and Placement Programme at Sphoorthy is Excellent, the way they train the student to crack the interview, present themselves in front of employers is very exceptional. Sphoorthy is the best place for any Student passionate enough to learn new things.
— Kashyap K B, B.Tech (2012-16) Software Engineer, IBM

Sphoorthy does not believe in treating the students bookish knowledge, rather, it enforces students to do their best through their ability and creativity. My experience at MBA has been awesome. The faculty are encouraging and we, the students are ambitious and enthusiastic providing us with right environment to learn.
— Manasa, B, MBA (2013-15) Process Associate, Amazon.Com
